

MetroQ MTQ-890 KPH Analog Multimeter

Product Specification

Brand	MetroQ
Model	MTQ-890
Type	Analog Multimeter
Display Type	LCD
Material	Plastic
Number of Counts	2000
Test Range	10-50-250-1000V
Function	Dry battery test continuity buzzer test decibel, diode test transistor hFE test Widely used for measuring voltage current and electrical resistance ACV
